

From Dr. Ted Jojola

(Written on Nov. 9, 2019, six days after Dely passed away.)

Dear friends and colleagues: Thank you all for reaching out. Sorry I have been so remiss in returning calls and messages, but all of this was so sudden and overwhelming . They have picked up Dely's body from the airport now and took it to the funeral home in Chiba (Japan).

She will be cremated 2 pm on the 10th, Japan time. So that will be 10pm on 9th for The US.

Our Japanese friend who helped us there said her face is peaceful. Dely was returning home from the Philippines when she had a heart attack in Narita. She passed away within the hour after she collapsed so, thankfully, she did not suffer. One of our Hawaiian spiritual friends said, "I tried to 'feel' Dely's spirit after I got your message, but instead I got this powerful vision of your son Manoa reaching out to Dely with a huge smile while she was suffering her heart attack--she left with him instantly!". I leave next Tuesday with Dely's sister Digna to get Dely's ashes and effects at Tokyo. Then onto her family in the Philippines on Friday. I will return with her sister and her husband on the 23rd and bring back some of ashes here as she had wanted.

I wish you all continued good health. I have learned the hard way how important this is for all of us.
